

What is 'BetaTesting' ?

Beta testing is a period where we are inviting businesses and customers to join Voodray.com so we can test the site out. We will open it up to everyone after a short testing period.

During this period we encourage all users to give us feedback on what is working, what is not working and how we can make the site a better place to connect businesses and customers in a mutually beneficial way. Please be fair, constructive and polite with your comments and opinions and please be patient as we 'tweak' the site during this period

Any VooTickets sent out during this period are valid and must be honored by the businesses.

We encourage you to invite other customers and businesses to join via the links on the billboard in your VooTown.

Thanks for being part of this exciting time of development and we really hope you enjoy your experience here at Voodray.com!

The team at Voodray.
